

GLOBAL AI FOUNDATION MODELS & SUBSCRIPTIONS ENCYCLOPEDIA

50-Page Exhaustive 2026 Technical & Commercial Buying Guide (\$10–\$100 & Pay-As-You-Go)

An exhaustive market research investigation conducted by qnt. Research Intelligence analyzing the global artificial intelligence infrastructure across 10 critical domains. This investigation details model architectures, generation quotas, per-token and per-second API pricing, commercial licensing terms, hardware compute specs, and verified payment methods for Indian and international buyers with continuous zero-void flow.

Research Methodology & International Payment Notice: All pricing structures, credit pools, API endpoints, and payment methods were independently researched and verified in August 2026. Every listed platform accepts Indian Credit/Debit Cards (Visa, Mastercard, Amex with international online e-mandate enabled), PayPal, Stripe Checkout, or Virtual USD Wallets.

SECTOR 01: AI VIDEO FOUNDATION MODELS & CINEMATIC DIFFUSION

Profile #01: Higgsfield AI (Max Annual)

\$39.00 / mo (\$468/yr)

1. UNDERLYING NEURAL ARCHITECTURE & MODEL SPECIFICATIONS

365-Day Unlimited on 6 engines: Seedream 5.0, Flux.2 Pro, Seedream 4.5 (4K), Kling 01, Nano Banana. 10,000 free Soul V2/Cinema gens + Seedance 2.0 & Wan 2.6.

PRODUCTION USE CASE & WORKFLOW

High-volume viral short-form creators needing unmetered daily iterations.

VERIFIED PAYMENT METHOD (INDIA OK)

Visa/Mastercard (India OK)
