PROFESSIONAL EXPERIENCE

Uber AI Solutions Support (via Adecco)

Mar 2026 – Present

Operations Lead (Ops 3)

Hyderabad, India

- Maintained accountability and stakeholder alignment for 20 associates as primary Point of Contact (POC) for cross-team and client communications.
- Built associate ownership through structured 1-on-1 mentorship and collaborative upskilling partnerships with Training Coordinators.
- Ensured standard operating procedure (SOP) clarity and 100% adherence by updating process documentation and serving as primary QA checkpoint.
- Enhanced operational delivery and throughput via rigorous process tracking, Root Cause Analysis (RCA), and prioritized policy-gap fixes.

Kent State University

Jan 2024 – May 2025

Graduate Professional, Academic Operations

Ohio, United States

- Delivered 100% on-time project milestones for a major capstone initiative utilizing Scrum sprint coordination, risk controls, and executive stakeholder updates.
- Maintained 100% data integrity and accuracy in compliance-critical records for International Student Services with zero audit discrepancies.

Google (via Randstad)

Aug 2021 – Dec 2023

Talent Delivery Manager & POD Lead

Hyderabad, India

- Achieved 100% performance targets across a 40-member screener team by managing daily workflows, delegating tasks, and forecasting capacity.
- Fostered associate ownership as Subject Matter Expert (SME), directing training teams on coaching, onboarding, and continuous mentorship.
- Sustained a 99–100% quality score across high-volume queues by enforcing SOPs and serving as the team's central QA control point.
- Improved operational efficiency and reduced error recurrence through weekly RCA governance and prioritized solutions for policy gaps.

Copart India

Dec 2020 – Aug 2021

Business Process Executive

Hyderabad, India

- Closed inbound commercial car-purchase negotiations end-to-end, managing vehicle valuation, B2B pricing, and pickup dispatch scheduling.
- Resolved critical customer escalations and multi-tier follow-ups by logging and managing high-priority cases in Salesforce Service Cloud.

Amazon

Jun 2020 – Dec 2020

Transaction Risk Investigator

Hyderabad, India

- Informed risk-mitigation strategies by analyzing high-volume merchant accounts for fraud patterns, transactional anomalies, and compliance gaps.
- Ensured operational and data-protection policy adherence via detailed RCA on risk incidents, producing audit-ready documentation.

Knoah Solutions

Jul 2018 – Jun 2020

Quality Analyst & Project Support Executive

Hyderabad, India

- Resolved high-volume multichannel customer queries with 100% accuracy via Salesforce Service Cloud ticketing workflows.
- Drove measurable performance improvement across a 30-person team via structured evaluations, QA guidelines, and frequent RCA audits.
- Improved compliance and operational consistency by coaching 25 associates as SME on new service line rollouts.
- Supported audit readiness by maintaining the central knowledge base and preparing weekly QA and executive audit reports.

KEY ACHIEVEMENTS & RECOGNITIONS

- **Quarterly KPI Attainment:** Achieved 100% quarterly KPI attainment across a 40-member cross-office team via structured delegation, coaching, and real-time KPI re-evaluation.
- **Agile Sprint Delivery:** Delivered 100% of project milestones on time using Agile/Scrum, risk controls, and cross-office stakeholder coordination.
- **Service Accuracy & Quality:** Sustained 99–100% service accuracy across high-volume teams by governing a QA framework and representing performance in internal audits.
- **Randstad Excellence Award:** Won 'Behind the Scenes' Award at Randstad for outstanding performance in project execution and governance.
- **Knoah Solutions Top Performer:** Awarded 'Top Performer Recognition' at Knoah Solutions for exceptional quality performance and operational project ownership.
